

# Finish strong

*Written by Kimberley Moodley*

During a sermon at our church, we were encouraged by the man of God, to keep the faith. He also urged us to finish strong. There is a special grace and anointing in order to finish strong. Many believers become weak and 'anaemic' during their walk with God. I encourage you to keep the faith and keep your end in sight. Hold on to the wonderful promises from God in His word and lift yourself up. What is also important is that we must all finish strong together. In its concluding stanza, the song chants that no man ought to be left behind. If we leave behind our brothers, then we have failed. We must finish together and strong as a corporate son.
