

His Sons

Written by Kimberley Moodley

Refer to the series on "318 Sons" by Dr S.Y. Govender.

His sons deals with the issue of adoption. God chose us and placed us as sons in His house for the praise of His glory and for His good pleasure. *His sons* also deals with a shift in mindset and a deeper understanding of our identity in Christ. We are not meant to be merely Christians, members or spectators, but rather we are meant to grow up into sonship. This is God's ultimate purpose for us- that we may become sons. "The whole of creation is groaning and waiting for the manifestation of the sons of God". It is God alone who placed us and therefore we serve Him out of a deep gratitude because we did not choose Him, He chose us.

See Romans 8:14 and 1 Peter 1:3.
